

Ranger Girl Scouts

In Ranger Girl Scout section the activities could be national and global. Ranger Girl Scouts are expected to be good citizens in their local communities.

Outdoor cooking with children in the community

To promote Girl Scouting we invited children in our community to do outdoor cooking at some local elementary school. We cooked rice in canteens and baked cookies. Everyone was very excited about his/her first time experience. We taught them how to handle knives, fires, etc. and delivered fun of doing something together.

Training for Adult Members

Girl Scouts of Japan conducts trainings for adult members who support activities of Girl Scouts in order to meet the needs of the society and to deepen understanding on the movement.

Initial Training for Potential Leaders

Purpose
