

Tenderfoot Girl Scouts

Tenderfoot Girl Scouts are curious to everything and enjoy activities with friends and leaders.

Strawberry Picking

We all love eating strawberries! "Wow! I haven't known strawberry leaves are like this!" "I want to draw a picture of strawberries." "Wow! Look at my big strawberry." Many voices of joy are heard through mouths full of strawberries.

Be a leader for one day

The Tenderfoot Girl Scout is very proud to become a leader to teach recycling to her peers and parents. "We make pictures out of colorful candy wraps. Before we take snacks, I tell them to wash hands. I am small but I am a leader today."

Brownie Girl Scouts

Brownie Girl Scouts love to sing, play games and join outdoor activities.

Making Big Sushi Rolls

We tried to make long big sushi rolls of 25 meters. Futomaki Zushi (Big Sushi Roll) is a traditional Japanese dish. Usually Futomaki is about 20cm, but community members, Girl Scouts and Leaders joined to produce a really long Futomaki like a snake.

Camping

Brownies love camping. Long distance hike is fun. Drinking water from the spring, looking for wild birds, Girl Scouts' Own in front of campfire, skits, songs and dance under stars, etc. are all fun.
